We at Rumble Concept encourage all installations to be performed by a **PROFESSIONAL**. If you choose to install this product yourself, please read all instructions and take all appropriate safety measures to ensure the proper and safe installation of your new Fender kit.

Before installation: our fender eliminator have been designed for modification purposes, we are not responsible for the use or misuse of any products, or verification of the local department of motor vehicles.

Included:

- 1 X Fender Eliminator Bracket
- 1 X LED Licence plate light
- 2 X LED signal light
- 4 X Flange nuts QU27947
- 4 X Small screws GE36641

****After any installations or modifications, the fender eliminator not returnable. We are not responsible for any damages to the part during the installation process, or to the bike (including the stock undertail part).**

1. Remove front and rear seats.
2. Take off the left painted tail section to un-plug wiring.
3. Remove the mud guard with the 4 bolts.
4. Install the Fender Eliminator with the 4 stock bolt and the flange nuts provided with your kit.
5. Plug your new signals and licence plate light.
6. Put back your seats in place.
7. HAVE GOOD RIDE...
